MKE OFFERS NEW 24/7 HEALTHY FOOD OPTIONS

Savvy, health-conscious travelers will enjoy fresh, wholesome food at their fingertips

MILWAUKEE (August 27, 2019) – Milwaukee Mitchell International Airport is pleased to announce new healthy, fresh food options available to travelers 24 hours a day. Farmer’s Fridge has opened two fresh-food vending machines inside the Airport.

Farmer’s Fridge makes all of its food fresh daily and restocks the fridges overnight. That means MKE travelers are now able to order fresh food items such as salads, sandwiches, wraps and granola from self-service vending machines any time. The meals and snacks are served in recyclable jars, and all food that isn't purchased is donated to Milwaukee-area food pantries.

“We are thrilled to be able to offer travelers at MKE fresh, healthy, restaurant-quality food options 24 hours a day, seven days a week, at a similar price point as many fast food options,” said Milwaukee County Executive Chris Abele. “This is another example of Milwaukee County and MKE’s commitment to exceeding travelers’ expectations.”

The two new Farmer’s Fridge self-service vending machines are located in the Concession Mall and in Concourse D adjacent to the Leinie Lodge.

More information about Farmer’s Fridge can be found at farmersfridge.com.

MKE currently offers nonstop flights to 40+ destinations coast-to-coast, and 160 international destinations are available from Milwaukee with just one connection. MKE is served by Air Canada, Alaska, American, Delta, Frontier, Southwest, United, and Volaris. The complete list of nonstop cities can be found at mitchellairport.com.

Milwaukee Mitchell International Airport is owned by Milwaukee County and operated by the Department of Transportation, Airport Division, under the policy direction of the Milwaukee County Executive and the County Board of Supervisors. The Airport is entirely funded by user fees; no property tax dollars are used for the Airport’s capital improvements or for its day-to-day operation.
